

## Surface for education

Surface transforms the way education professionals work. It frees you up from your desks and gives you new ways to engage students, energize the classroom, improve the learning experience, and deliver results.

*Intel Core processor!*

*Thinner and lighter*

## Ultra-light and versatile

Microsoft Surface Pro is an extremely thin Intel® Core™ laptop with a brilliant high-resolution touch screen, innovative click-in keyboard, excellent battery life, and it is built to run the software you rely on.

## The ultimate in mobile productivity

Surface is the ultimate device for running powerful apps in Office, inking in Windows and more, all while on the go.

## Trusted by organizations

Surface smoothly folds into your existing infrastructure and Windows 10 helps protect against modern security threats. IT can set up Surface like other PCs, by joining it to a domain, and managing it using tools already in place.

Surface devices are intuitive to use and easy to manage, and provide instant access to familiar Office files and trusted educational apps wherever they are.
